LITTER REGISTRATION CHECKLIST

Congratulations on your new Litter. We hope this checklist will help make your paperwork processing run smoothly...

- PUPPIES ARE BORN - NOTIFY the Registry Office that your litter has arrived, email us at TSSRinfo@gmail.com with the basic litter information:
 - sire/dam
 - date of birth
 - number of puppies (male and female)
 - we will open the registration file that will allow our staff to complete the checklists needed for registration, a “pending items” email will be sent to you requesting any outstanding information.

- TAKE FIRST PICTURES
 - 2 copies of mother with her puppies before 10 days of age email to Registry Office (TSSRinfo@gmail.com) to be added to your litter registration file

- LITTER REGISTRATION APPLICATION & PLACEMENT FORM (hardcopy)
 - begin filling out your application now, so when you're ready to submit most of it is done already
 - fill out as much of this form after litter is born, that way only small details are needed before submission
 - complete ownership information when puppies go to their new families
 - form can optionally be scanned as PDF and emailed to registry office at TSSRinfo@gmail.com (be sure to note year of birth, sire/dam in subject line); it will be added to your registry litter file

- TAKE UPDATED LITTER PICTURES
 - 2 copies each of entire litter between 6-8 weeks of age

- LITTER HEALTH REPORT
 - take with you to puppies' health check visit and remember to have it signed by the veterinarian
 - upon completion, scan as PDF and email to registry office (be sure to note year of birth, sire/dam in the subject line); it will be added to your registry litter file

- BLUE PAPERS
 - upon receipt of all information, Registry Office will issue Temporary Registration Application (Blue Papers) for each puppy.
 - Blue Papers will be emailed to owners, with a copy to you, breeder of record, for your records

HOW TO COMPLETE APPLICATION FORM

Please read instructions before completing the Litter Application Form.

1. THIS FORM CAN BE FILLED OUT ONLINE AT <http://www.papers.tssr.info/litter-registration> OR request a Quick Report from our Registry Office
